**Nonresponsive Conference Code**

Sent from my BlackBerry 10 smartphone on the Verizon Wireless 4G LTE network.

Send call-in info. Seems it's not on my calendar.

**Subject:** Today's RM Monthly Call update

Hello RMs:

Wanted to let you know that our agenda for today's call has been trumped by the response to the Gold King Mine Release.

We are hoping to have the 2:00 EDT call today for 30 minutes or so to discuss response efforts.

We may have to cancel the call entirely depending on how the day progresses. I will let you know asap if we need to cancel.

Best regards,

Patrick
